SAVES DAUGHTER

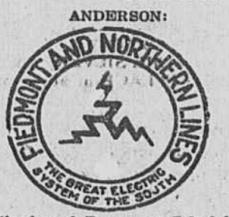

**Advice of Mother no Doubt Pre-
vents Daughter's Untimely End.**

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me. At last, my mother advised me to take Cardui, the woman's tonic; I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing. I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health. If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years. At all druggists.

**FRANCE LEADS
HOSPITAL WORK**

London, Aug. 12.—(By Mail).—The finest traveling hospital in the world is somewhere in France today. Known as the "Princess Christian Hospital train", it was built from subscriptions solicited by the sister of the late King Edward, who provided a similar equipment, though smaller, during the Boer war. Every requirement necessary for the care of 400 desperately wounded soldiers is provided in eight coaches of the 700 feet conveyance. Six additional carriages provide lounging quarters for the sick and slightly wounded on their way to base hospitals from the front. Several coaches are equipped with beds, a kitchen, lockers, hot and cold water and electric and gas appliances including illumination. Another affords sleeping accommodations for nurses and doctors while another is a complete operating room. Hundreds of details throughout the moving hospital are supplied from the latest knowledge of hospital and surgical supplies. If necessary it can be sidetracked at an isolated waystation near a battle front and be employed as a stationary hospital. A joint committee of the leading railways of France and England superintended the construction of the train at Birmingham.

Much has been said of the famous American hospital of Paris but little is known of the "American Hospital of London."

In the Duchesse of Connaught's Canadian Red Cross hospital at Clivedon Wood, on the Thames, scores of nurses and 42 doctors from Canadian and American cities care for the Canadian "Indians" as they come wounded and torn from the battlefields across the channel. There are tennis, golf, billiards and quills for the convalescent and the true Canadian idea of food, fresh air and laughter to condition the wounded men again for the ever-raging struggle for which they came. Patients are fed on fresh eggs, plump chickens and pam and biscuits direct from Canada. They are given the open air treatment as soon as possible, and most any day can be found a fleet of rolling beds flanking a football field nearby, where some rare Canadian football is in order.

The new hospital, which is being enlarged to care for 500 patients, is regarded as a model of hospitals in England. It is equipped with light, airy operating rooms, medical and surgical stores, laboratories and x-ray rooms embracing all the latest in medical science. "It makes you homesick for Canada" said one Canadian recruit today. He got it in the leg in France and with two crutches he was playing football, his chief desire being to kick the ball with his injured leg.

Mail advices from Ghent, Belgium, tell that Germans sentenced Countess Dejongh Daroye, age 16, to three months imprisonment recently. She was walking in Ghent with her grandmother, and both were wearing medals with King Albert's picture. A German officer tore the medals from them, saying: "Away with that King without a country." The young countess picked up the medals, and answered ho:ly: "We Belgians prefer a king without a country to an emperor without honor." She was immediately arrested and subsequently sentenced by court martial.

**MANY STRIKERS
RETURN TO WORK**

Bridgeport, Conn., Aug. 30.—Many hundreds of the striking factory workers returned and are at work today. The differences over hours and wages have been adjusted. Nearly all of them won the eight hour schedule without a reduction of wages.

Bridgeport, Aug. 30.—Labor leaders will confer as to whether to order a general strike against the Remington Arms and Ammunition company. It is alleged that polishers are discriminated against. They claim they were promised an advance in wages. Formerly they received one dollar per hundred for polishing bayonets and gun barrels. They claim when the eight-hour schedule was adopted their wages were dropped to 80 cents per hundred. Four men refused to accept the new scale. When they protested they were discharged. The union asked that all the metal workers in the plant be called out. There are still strikes on at 13 plants here.

**TO INVESTIGATE
DYE-SHORTAGE**

New York, Aug. 30.—Thomas H. Norton, commercial agent of the bureau of foreign and domestic commerce, is to investigate this week the shortage of dyes resulting from the blockade on the exportation of the German product. Leading manufacturers will testify. The results will be embodied in a report. A statement issued by the Master Dyers association describing the conditions said they are critical throughout the country. The statement says that American manufacturers of colors are making every effort to meet the situation. The greatest obstacle lies in obtaining the raw material. "Do you think she will ever marry anybody?" "Anybody."—Judge.

Personal

Dr. J. E. Evans spent Sunday in Pendleton with his parents.

Mr. John Taylor and Dr. Anderson of Greenville were visitors in the city yesterday.

Mr. James Watt passed through the city yesterday en route from his Duc West to his home at Iva.

Have recently installed one of the latest Bowser Improved Gasoline supply stations for furnishing fuel to Automobiles and for private families. Gasoline 18c the gallon. Wm. Menefield, N. Main St.

The Clerk Guaranteed It. "A customer came into my store the other day and said to one of my clerks, 'have you anything that will cure diarrhoea?' and my clerk went and got him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and said to him, 'if this does not cure you, I will not charge you a cent for it.' So he took it home and came back in a day or two and said he was cured," writes J. H. Berry & Co., alt Creek, Va. For sale by all dealers.

**\$1,000 IMPROVEMENTS
UNDER WAY AT BEE HIVE**

INCREASE IN BUSINESS NECESSITATES MORE SPACE

CHANGING OFFICE

In Order That More Shelves May Be Installed—Stairway is to Be Changed and Private Office.

Owing to the increase in business, Mr. Sam Ballew yesterday announced that improvements costing approximately \$1,000 would be made in the store rooms occupied by the Bee Hive, these to consist of changing position of office, putting in new stair steps, new shelves, etc. The work will be done by W. L. Brisey company. The improvements will add greatly to the appearance of the interior of the store as well as increasing the floor space to a large extent. As is now situated the office is on the first floor and takes up a great deal of space. When the changes are made, the office will be situated far enough above the first floor to allow people to pass under it and also to have shelves where goods may be stored. When completed there will be a row of shelves in the center of the large building extending from the front to the rear. In addition to the above the new stairway will be put in and a private office on the second floor for the manager. It is probable that an elevator will also be put in. The Bee Hive, of which Mr. Geo. H. Ballew is proprietor, handles one of the largest and most complete lines of general merchandise of any house in the state, and the improvements are being made on account of the increase in business. The work is being done at night and no way will hinder trade in the day time.

**WILL HOLD PICNIC AT
WHITE PLAINS SCHOOL**

VERY INTERESTING PROGRAM HAS BEEN PREPARED FOR DAY

WAS POSTPONED

Was to Have Been Held Several Days Ago But Circumstances Prevented at Very Last.

The big picnic and chautauqua which was to have been held at White Plains a few weeks ago, but which was postponed is announced for next Friday, Sept. 3. This day will be one like those held in Belton and at the Hammond school and it is expected that a large crowd will attend. Miss Jayne C. Garlington will give a canning demonstration and a talk on home conveniences. These features of various picnics in the county have proved very enjoyable as well as instructive this year. In addition to this Prof. Kirkpatrick of Clemson College will give a talk on "Dairying;" Mr. S. M. Wolfe on "Betterment of Rural Conditions," and Mr. S. M. Byars will make an address about poultry.

"Some men have no hearts," said the tramp. "I've been a-tellin' that feller I am so dead broke that I have to sleep outdoors." "Didn't that fetch him?" asked the other. "Naw. He told me he was a-doin' the same thing and had to pay the doctor for tellin' him to do it."—Christian Register.

Most young people fall in love with utter disregard for the consequences.

**Less Meat If Back
And Kidneys Hurt**

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating Meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become over-worked; get sluggish; clog up and cause all sorts of distress, particularly lactic acid and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

One cannot be hatless and humble—one doesn't want to, it isn't being done this season.

And, when Vogue Hats, sparkling with countless daisies and delightful touches, and sanctioned by the Haut Monde of Paris and New York can be had right here at home, is it surprising that smart women are quite furious to see them.

A Visit Is Suggested.

Millinery

We expect an unusually big Millinery business this season and have made arrangements to serve you in the very best manner possible.

We have two Trimmers—Miss Warfield whom you all know as being one of, if not the very best, that has ever come to Anderson, and Miss Palmer of Baltimore, who comes to us highly recommended as a designer and maker. Our stock of Untrimmed Hats, Trimmings, Etc., will be the largest and best assorted in the city—added to this our prompt service and popular prices will make this good store an ideal shopping place for particular people.
